Test Secretary Instructions

Registration Number: All dogs entered in NAVHDA tests must be NAVHDA registered. Single registration forms are available under Forms Express on the website (www.navhda.org). Dogs without a three-generation pedigree from a recognized breed club should contact the Central Office regarding an abbreviated event registration number. Call 847/253-6488 for personal attention. The registration number must be legible on the official entry form and no additional documentation is required. If the dog is hip tested, a copy of the document should be attached in order to have it recorded. The NAVHDA membership number must be included or the words “non-member” inserted.

Before the Test

For each dog entered in test:

- 1) Check the Official Test Entry Form to see that the owner information is complete and legible. Print legibly any difficult to read information and obtain any missing information. The member number should be filled-in or the words “non-member” inserted, which in most chapters signals a higher, non-member entry fee to be collected. Effective with the 2005 Invitational, the primary owner must be a NAVHDA member in order to qualify for entry. Also, for all entries, DNA information must be **on file** or applied for **with NAVHDA** by the closing date of the entry period. If you are planning to enter an Invitational Test, be forewarned that it can take six to eight weeks to get your DNA results back. If your DNA sample is submitted through NAVHDA, we will consider this submission as completion of the requirement.
- 2) To expedite registration and avoid last minute problems, ask the participants who do not have a registration number to obtain one from the Central office ahead of

time. No dog is to be entered in the test without a NAVHDA registration number. If the dog is hip tested, a copy of the document must be attached in order to have it recorded by the NAVHDA Data Entry Service.

- 3) Any Official Test Entry Form submitted without the proper documentation or incomplete documentation will not be entered into the NAVHDA database and the chapter will receive a \$20.00 incomplete fee per incident.
- 4) Print the dog information on the Judge cards (one for each Judge and one for each Apprentice). Please use the official name of each dog. Call names are not to be used on the cards. The cards should only have one day’s date on them. Use only the date of the actual test.

At the Test

- 1) Give the Judges their cards, running order, and a zip-lock bag to be used in inclement weather.
- 2) At the end of the test, give the Senior Judge a list of workers names so he or she may publicly thank these individuals.
- 3) The Senior Judge Envelope should contain the Official Test Entry Forms from the participants for that day with all required items **stapled** to the corresponding form. Arrange these documents in order by dogs run in each test.
- 4) Complete the Test Information Form.

After the Test

Remember that a test is defined as one group of judges per day.

- 1) Give the Senior Judge Envelope with dog information enclosed to the Senior Judge along with the second self-addressed envelope.
- 2) Give the Senior Judge Packet to the Senior Judge.

From the Data Entry Service

- 1) Each owner will be sent a certified Test Record Sheet.
- 2) Owners of dogs that prize will be sent a Plaque Order Form.
- 3) The test secretary must notify the International office or Director of Judge Development when an apprentice does not give advance notice that he/she will not show up to apprentice as agreed.
- 4) The Chapter Treasurer will be sent a complete print-out of test results for chapter records.
- 5) The Chapter Treasurer will receive a Test Processing Invoice. The chapter is billed based on the number of dogs run in each test. Any incomplete or missing documentation fees will be listed on the bill at \$20.00 per incident. It pays to do it right the first time.
